

Electrophoresis

Introduction

UBTECH offers a comprehensive range of Electrophoresis systems designed for accurate separation and analysis of nucleic acids and proteins. Engineered with precision manufacturing and advanced technology, UBTECH electrophoresis equipment ensures consistent performance, safety, and reliability for modern molecular biology laboratories.

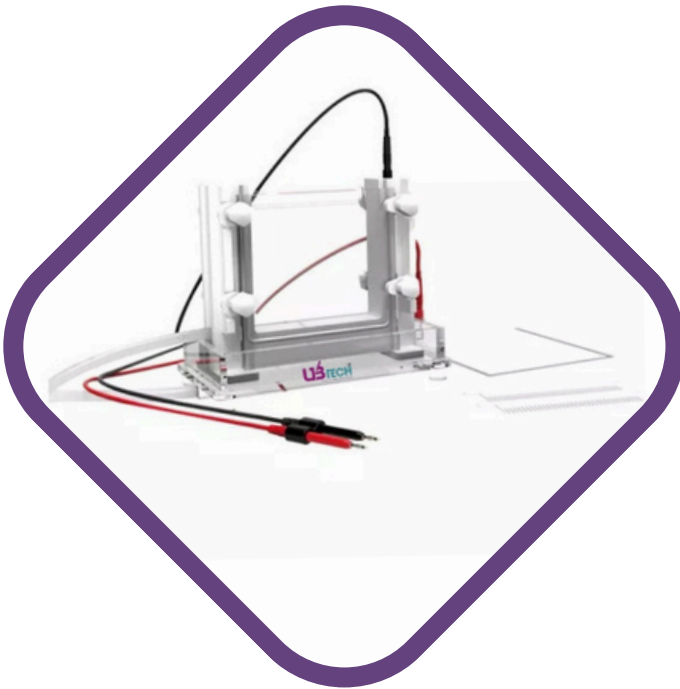

Our systems support efficient DNA, RNA, and protein analysis, making them ideal for research institutions, clinical laboratories, biotechnology companies, and academic environments.

Model : UET-V01
Vertical Electrophoresis Tank

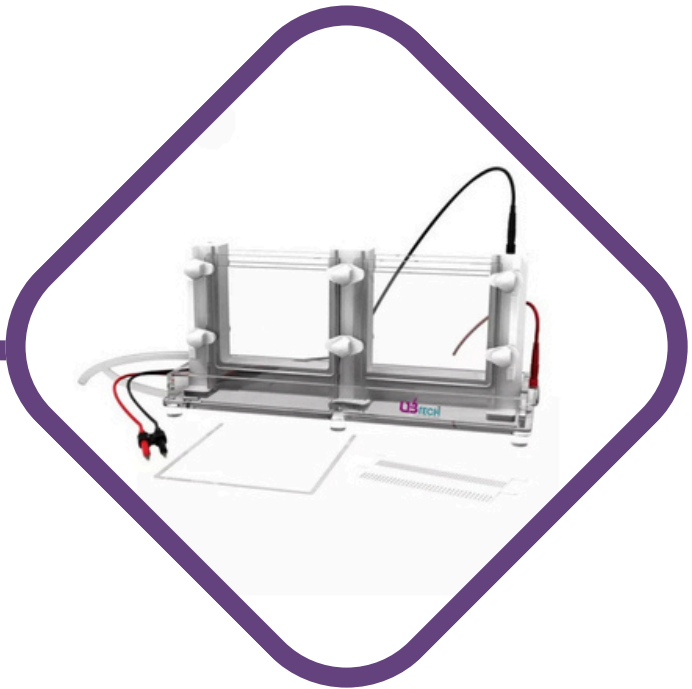

Model : UET-V04
Vertical Electrophoresis Tank
UET-V04

Model : UET-V02

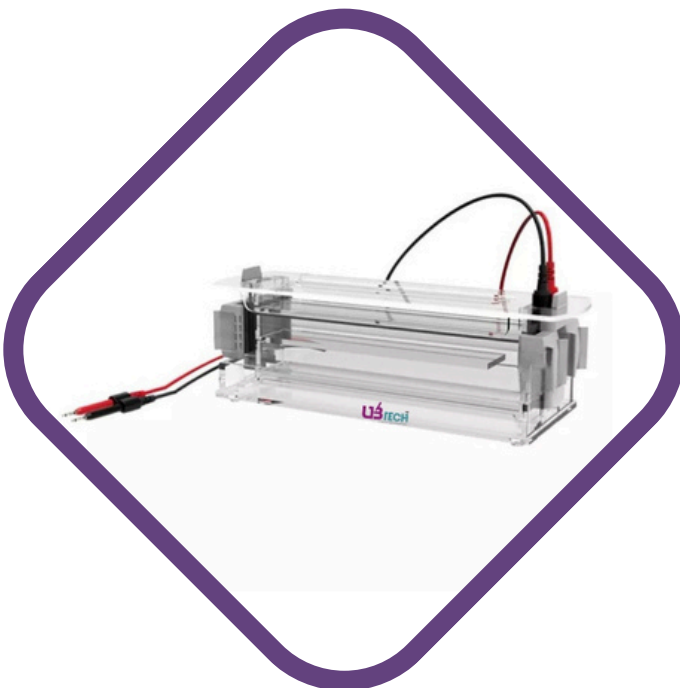

**Vertical Electrophoresis Tank
UET-V02**

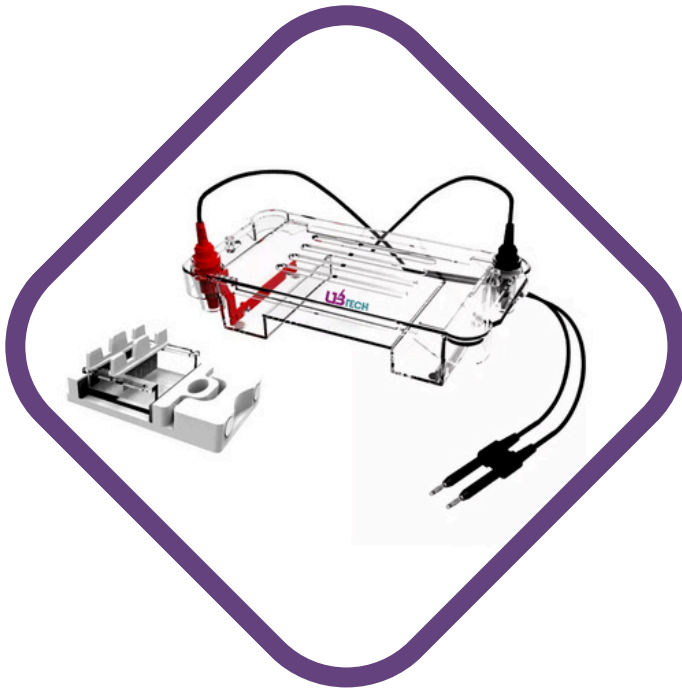

**Model : UET-V03
Vertical Electrophoresis
Tank, UET-V03**

Model : UET-V04I

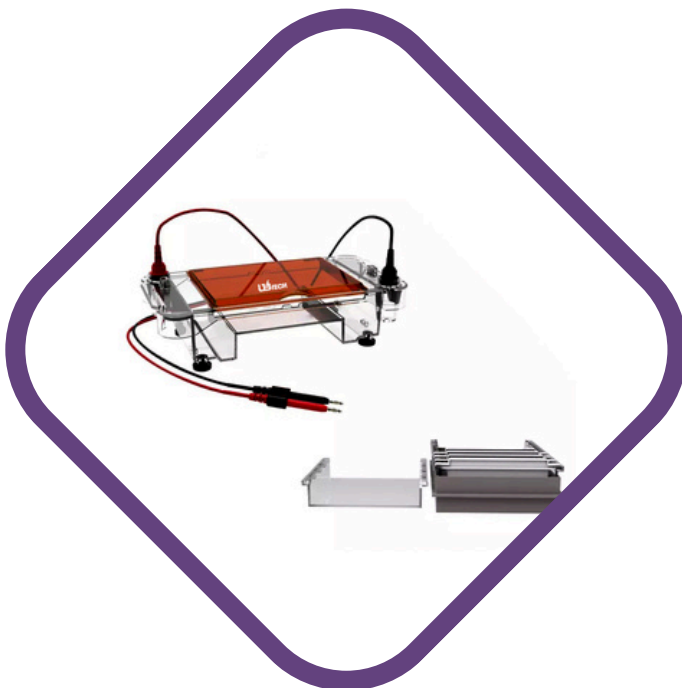

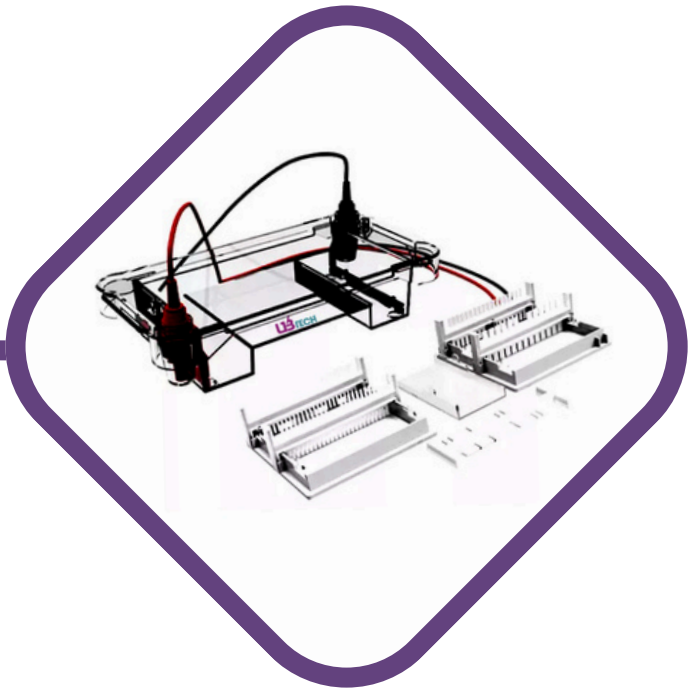

**Vertical Electrophoresis Tank
UET-V04I**

Model : UET-H01
Horizontal Electrophoresis
Tank

Model : UET-H02
Horizontal Electrophoresis
Tank UET-H02

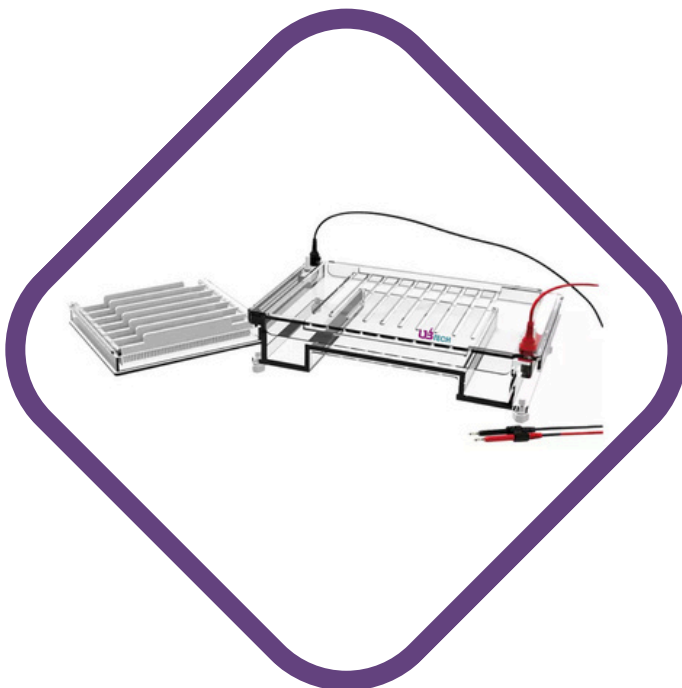

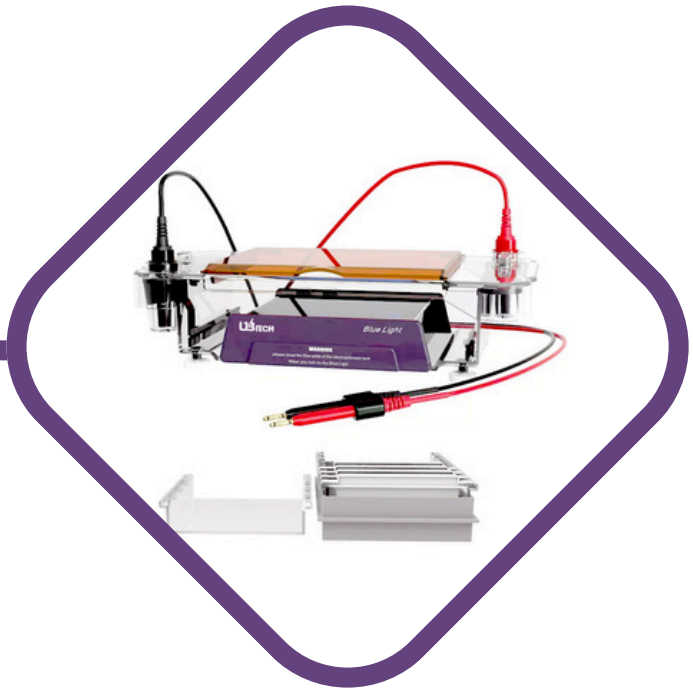

Model : UET-H03
Horizontal Electrophoresis
Tank UET-H03

Model : UET-H10
Horizontal Electrophoresis
Tank UET-H10

Model : UET-H03I
Horizontal Electrophoresis
Tank UET-H03I

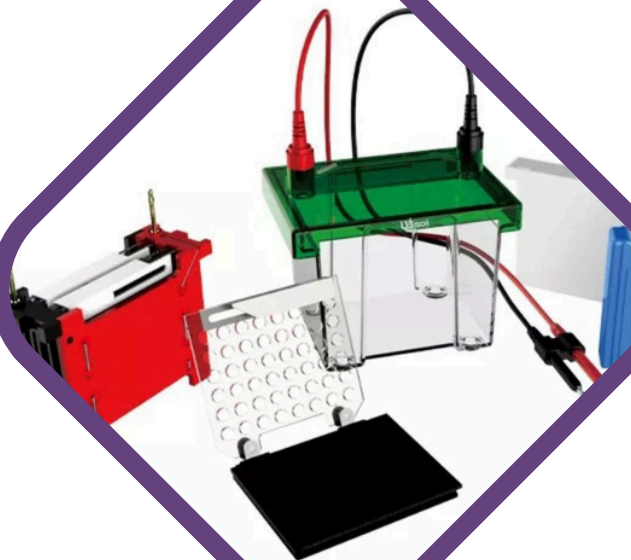

Model : UET-H04
Horizontal Electrophoresis
Tank UET-H04

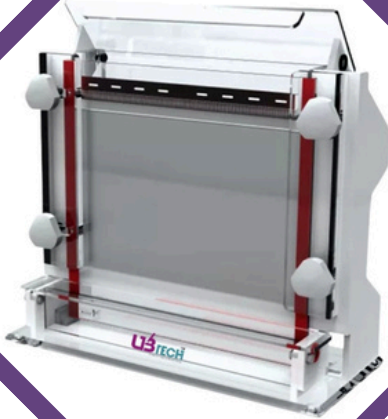

Model : UET-T01
Transfer Electrophoresis
Tank UET-T01

Model : UET-T02
Transfer Electrophoresis
Tank

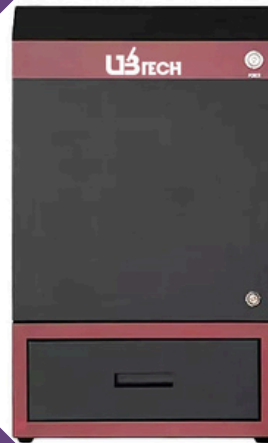

Model : UET-S02
Sequencing Electrophoresis
Tank

Model : UET-S01
Sequencing Electrophoresis
Tank UET-S01

Model : UAG-I100; UAG-I1000
Automatic Gel Imaging and
Analysis System

Model : UAG-I3T
Automatic Gel Imaging and
Analysis System, 6 Million
Pixels

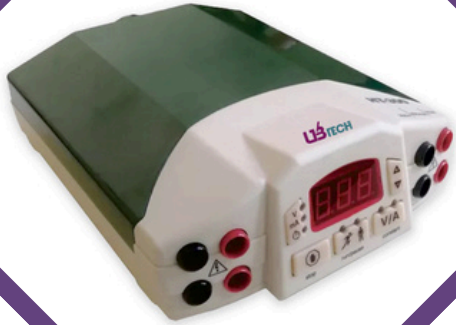

Model : UACG-I6T
**Fully Automatic Chemiluminescence
Imaging Analysis System**

Model : UACG-I600; UACG-I600M
**Automatic Chemiluminescence
Gel Imaging System**

Model : UEPS-3000
**Electrophoresis Power
Supply, UEPS-3000**

**Model : UEPS-300
Electrophoresis Power
Supply**

**Model : UEPS-600D
Electrophoresis Power
Supply, High Amperage**

**Model : UEPS-600C
Electrophoresis Power
Supply, UEPS-600C**

Model : UTI-BL100
Blue Light Transilluminator
UTI-BL100

Model : UTI-BL108
Blue Light Transilluminator,
Dual LED

Model : UTI-BL470
Blue Light Transilluminator

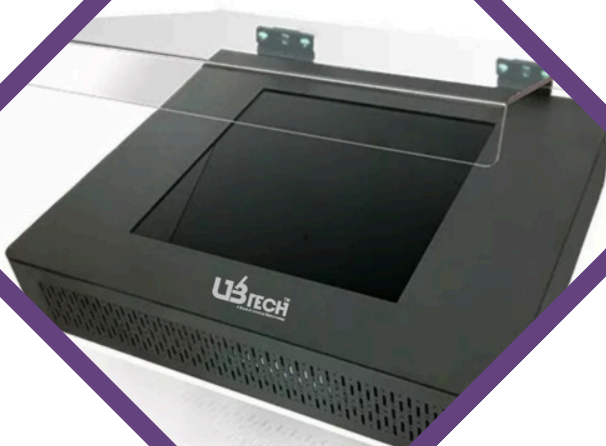

Model : UTI-UV302

**UV Light
Transilluminator**

Model : UA-PUVA

**Ultraviolet Analyzer 365nm,
254nm Wavelength**

Model : UTI-UV1; UTI-UV2

**UV Light Transilluminator,
Dual Wavelength**

Model : UACG-X6

Automatic Chemiluminescence Gel Imaging System, UACG-X6

UNIVERSAL BIOTECHNOLOGY PRIVATE LIMITED

Address: A33, Ring Road, Rajouri Garden, New Delhi 110027.
